

New and Old Calvary Catholic Cemetery Uniform Size Requirements

4141 Flushing Rd.

Flint, MI 48504

Phone: 810-732-2620 Fax: 810-732-6630

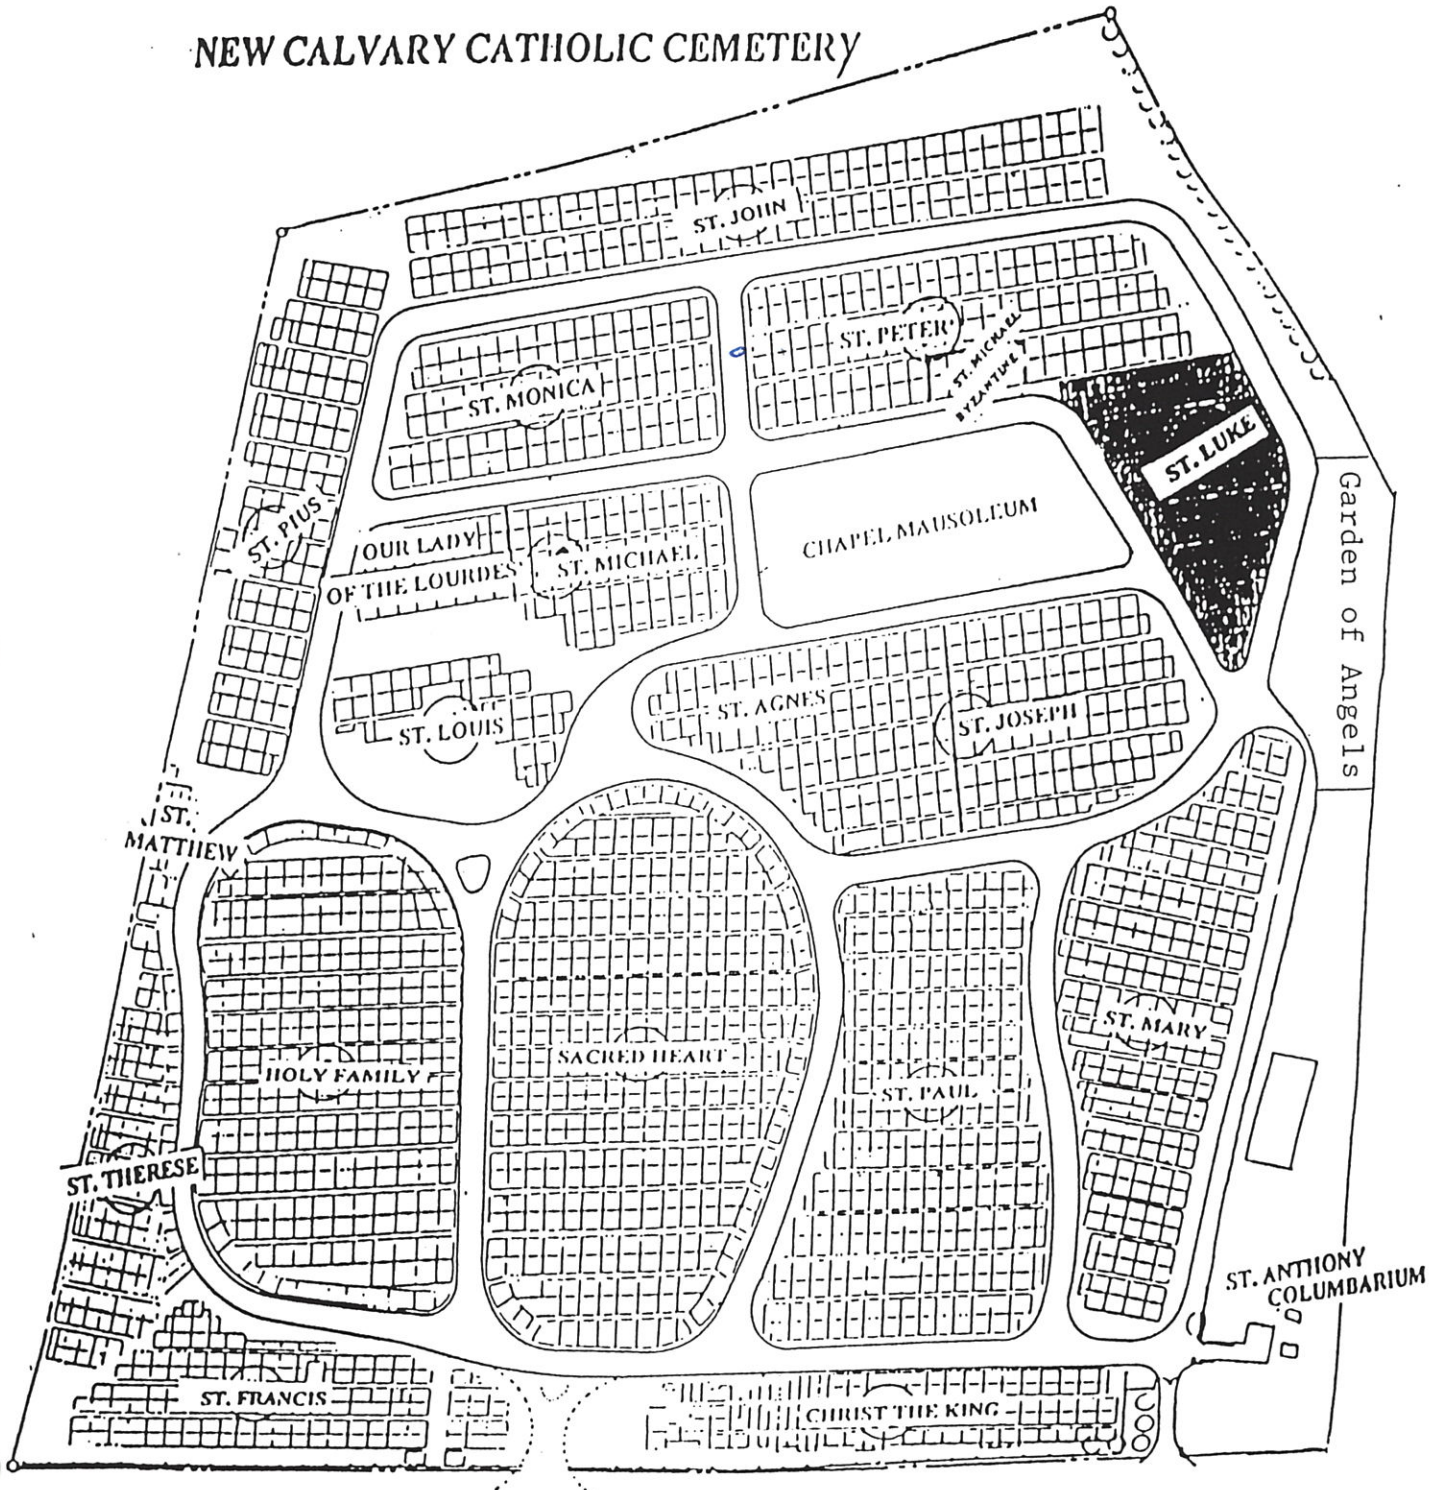

General Information:

- * The use of both a personal marker and a marker provided by the Veterans Administration is permitted.
- * A copy of the marker design must be submitted to the cemetery for approval, prior to the marker order, to ensure proper spelling, placement of names and dates
- * Symbols of faith, hope and resurrection should have a prominent place on memorials placed in the cemetery.
- * Memorials should not have any word(s), symbols or drawings which management, in its opinion, considers inappropriate for a Catholic Cemetery.
- * All Installation fees must be paid prior to the delivery of a marker to the cemetery.
- * The cemetery requires the monument company to give 24 hour advance notice prior to delivery.
- * The cemetery has the right to reject any monument they deem inappropriate to be placed in the cemetery.
- * In-ground vase units are permitted in all sections of the cemetery. Vases are to be placed on the grave side of the marker only.
- * Bevel Markers, benches, and ledgers are not allowed at New Calvary Cemetery.
- * Due to the historical nature of Old Calvary Catholic Cemetery, it is best to check with the cemetery prior to ordering a marker. Each marker is to be approved by the cemetery to ensure proper space for the marker. Families have the choice of a flush marker, slant monument, bevel marker or upright monument. Cemetery personnel will be able to better determine the size limitations upon examining the area of the deceased.
